INDEX, 1926

VOLUME C

A

Accidents, Preventing grinding wheel	289
Accident prevention at Enola steel car shop (Penn.)	493*
Accuracy: To err is human	417‡
Acetylene torch outlets, Protection for, by Chas. W. Geiger (Southern Pacific)	34*
Adapter, Helical milling cutter and, combination, Goddard & Goddard Co.	1758*
Adjusting machine for blacksmith shop, Watson-Stillman Co.	1800*
A'HEARN, F. M. Clamp for holding tires on a boring mill Foreman's job, The (competition)	175* 83
Air brake (see Brake)	
Air Brake Assn. does constructive work. 374*	1813‡
Air Brake Assn. convention	431*
Air Brake Cup Packing Co., Kendall packing cup	253*
Air brake department at Billerica (B. & M.) ..	687*
Air compressor (see Compressor)	
Air operated equipment, Home-made	723‡
Air pump bushing puller	245*
AISHTON, R. H. Address by (Div. V-Mech.)	1565
Supply officers and public relations (Div. VI—Pur. & Stores)	1576, 1599‡
Akiyama, S., Automatic couplers on Japanese railways	30*
Alarm, Float type low water, Talmage Mfg. Co.	1809*
Alarm, Low water, Nathan Mfg. Co.	1843*
ALLEGHENY STEEL CO. Ascoloy-chromium iron	1795*
Journal box lid, Sym-Asco	1526*
ALLEN, J. E. Floating rod bushing which requires no machining	131*
Grease for lubricating trailer truck journals	635‡
Keeping cold air out of the cab	738*
Allis-Chalmers Mfg. Co., Texrope drive 66*, Alquist, P., Fruit refrigerator cars for D. L. & W.	27*
American Abrasive Metals Co., Anti-slip passenger car step treads	1539*
AMERICAN BROWN BOVERI ELEC. CORP. Axle drive, Individual, for electric locomotives	1844*
Rectifier, Mercury-Arc power	1799*
American Chain Co., Nibbling machine for cutting odd shapes	1534*
American Engineering Co., Lo-Hed electric hoists	711*
American Hoist & Derrick Co., Electric rivet heaters	401*
AMERICAN LOCOMOTIVE CO. Casing, Steam pipe	518*
Grease cellar, Driving box	1867*
Staybolt, Pitkin articulated	459*
American Railway Appliances Co., Changes in locomotive flue blower	1783*
AMERICAN RAILWAY ASSOCIATION Brakes, Power, tested at Purdue	151*
Committee work: Give the young member a job	1767‡
Exhibit, A successful	1849‡
Exhibit, Getting full value out of the Exhibit, Self-propelled motor car	1777
Exhibitors	1541, 1556
Exhibitors, Bus	1507‡
Exhibits	1602
Exhibits, Bus and truck, The scope of	1765‡
Exhibits, Machine tool	1766‡
Exhibits, Roller bearing	1767‡
Safety Section report	484
Williams' car patent purchase	69†
DIV. V—MECHANICAL Aishton, R. A., Address by	1565
Arbitration committee	1608*
Brakes and brake equipment	1732*
Car construction	1713*
Car, Standard double sheathed wood sheathed box, adopted	69†
Cars, Tank	1724*

AMERICAN RAILWAY ASSOCIATION—Continued.

Couplers and draft gears	1736*
Election of officers	1829, 1874*
Fuel, Joint committee on	1751
Gages for new air brake hose couplings ..	1733*
General committee	1567
Human element, The, and	1871‡
Juneau, C. G., Good lighting equals public demands	1876
Lighting, Good, equals public demands, by C. G. Juneau	1876
Lighting, Locomotive and car	1863
Loading rules	1620*
Locomotive design and construction ..	1819*
Locomotives, utilization of	1871‡, 1882
McManamy, Frank, the importance of co-operation between government and the railroads	1723
Members, Life	1557
Nominations committee	1568
Prices for labor and materials	1613
Resolutions committee	1895
Rolling stock, Electric	1853*
Safety appliances committee	1615
Shops and engine terminals, Design of ..	1569
Specifications and tests for materials ..	1616*
Standardization of water columns	1823*
Vaulchain, Dr., Conditions in Europe and America compared	1563
Wallis, J. T., Address by	1566
Wheels, Report on	1830*, 1850‡
EQUIPMENT PAINTING SECTION Convention	583‡, 613
Paint and varnish, Maintenance and care of, at terminals	613
Painting developments with economies involved	615
Report on standards—Cars and locomotives	616
Shop construction and equipment	614
DIV. VI—PURCHASES AND STORES Aishton, R. H., Supply officers and public relations	1576
Balance sheet, Uniform observance of general	1630
Besler, W. G., Address of	1578
Budget, Materials purchase	1587
Convention	1508‡, 1767‡
Delivery, Line, of material	1749*
Delivery of material to users at shop ..	1743*
Election of officers	1706*
Forest products	1590*
Fuel, Joint Committee on	1751
General committee	1580
Gerber, J. W., Stores delivery of material	1745
Hall, U. K., The cost of carrying materials	1628
Handling materials, Facilities for	1646*
Kelly, C. H., Department meetings	1592
Lee, Elisha, The scientific aspects of purchase and stores work	1626
Lieber, G. W., Importance and possibilities of reclamation	1645
Line delivery of material	1749*
Line stocks, Control of	1748*
Material classification	1586
Plank, V. R., Stationery and its control ..	1634
Purchase of equipment and large material contracts	1638*
Purchasing records and organization ..	1742*, 1817
Reclamation and handling of scrap ..	1642*
Standardization and simplification of stores stock	1635*, 1817
Stationery and its control, by V. R. Plank	1634
Stationery and printing	1633
Stocks, Line, Control of	1748*
Stores department book of rules	1581*
Toye, E. D., Bin cards on the Canadian National	1584
Unit piling and numbering of material ..	1739*
Waterman, J. H., Remarks of	1575
Young, C. D., Address of	1578

A.R.A. record and billing repair cards, by C. C. Hennessey (Car Foremen's Assn.) ..	677*
American Railway Tool Foremen's Assn. (see Tool Foremen's Assn.)	
American Saw Mill Machinery Co., Bench band saw and a drum and disc sander ...	397*
American Society for Steel Treating, Convention of	526‡, 539
AMERICAN SOCIETY OF MECHANICAL ENGINEERS Annual meeting	649‡
Locomotives, Three-cylinder, discussed by Chicago engineers	204*
American Steel Foundries, The Dalman truck	1763*
American Throttle Co., Multiple throttle located in superheater header	1793*
American Welding Society meeting	649‡
Anchor Post Iron Wks., All-steel trucks ...	1523*
Angle cooks, Operating passenger trains without, by W. H. Sitterly	722‡, 734
Annealing, Is, a restorative for metal fatigue	650‡
Anniversaries, Centennial	1771
Apprentice convention (A.T. & S.F.) 326‡, Apprentice gatherings	348*, 326‡
Apprentices and self-government	665
Apprentices: Rough diamonds	1555‡
Apprentices, The	1871‡
APPRENTICE TRAINING A finish fight	140‡
Apprentice training and the Mechanical Division, by Harry C. Fletcher	329†
Does it pay?	327‡
Individualism in, by Warren Ichler ..	306‡
Missouri-Kansas-Texas, system, by T. C. Gray	269*, 327‡
Moral side of, by F. E. Lyford	201‡, 214
Neglected, by H. R. Rice	187‡
Standardizing, by C. Y. Thomas	155
ARBITRATION COMMITTEE DECISIONS Case No. 1340—Belt Ry. of Chicago vs. St. L.-S. F.—Rule 32	38
Case No. 1343—Belt Ry. of Chicago vs. Union Refrigerator Transit Co.—Rule 32	40
Case No. 1344—B. & L. E. vs. P. S. & N.—Rule 43	105
Case No. 1345—A. T. & S. F. vs. L. & N.—Rules 17 and 87	38
Case No. 1346—San Antonio & Arkansas Pass vs. L. & N.—Rule 17	105
Case No. 1347—A. B. & A. vs. Terminal Railroad Assn. of St. Louis—Rule 32 ..	170
Case No. 1348—A. B. & A. vs. Terminal Railroad Assn. of St. Louis—Rule 32 ..	170
Case No. 1349—B. & L. E. vs. P. M.—Rule 9	171
Case No. 1350—U. P. vs. A. T. & S. F.—Rule 43	287
Case No. 1352—C. P. vs. B. & L. E.—Rule 98	288
Case No. 1353—U. P. vs. C. B. & Q.—Rule 98	232
Case No. 1354—Charleston & Western Carolina vs. Interstate Railroad—Rule 98	288
Case No. 1355—C. & A. vs. C. M. & St. P.—Rule 32	288
Case No. 1356—Gulf Coast Lines vs. Southern Pacific—Rule 17	499
Case No. 1357—Carolina, Clinchfield & Ohio vs. Norfolk & Western—Rule 3	499
Case No. 1358—Indiana Harbor Belt vs. Missouri-Kansas-Texas—Rule 32	499
Case No. 1359—Gulf Coast Lines vs. Atchison, Topeka & Santa Fe—Rule 32	499
Case No. 1360—Pere Marquette vs. Detroit & Toledo Shore Line—Rule 94 ..	554
Case No. 1361—Charleston & Western Carolina vs. L. & N.—Rules 12 and 87	554
Case No. 1362—Texas & Pacific vs. Chicago Junction—Rule 58	554

ARBITRATION COMMITTEE DECISIONS—Continued.

Case No. 1363—Indiana Harbor Belt vs. St. L.-S. F.	553
Case No. 1364—Conley Tank Car Co. vs. M.-K.-T.—Rule 32	553
Case No. 1365—C. & W. C. vs. Armour Car Lines—Rule 94	618
Case No. 1366—T. & P. vs. I. C.—Rule 32	554
Case No. 1367—B. & L. E. vs. G. C. L.—Rule 90	619
Case No. 1368—Southern vs. A. B. & A.—Rule 32	619
Case No. 1369—Southern Pacific vs. M.-K.-T.—Rule 17	618
Case No. 1370—B. & M. vs. D. & H.—Rule 112	618
Case No. 1371—Southern Pacific vs. United Central Oil Corp.—Rule 98	618
Case No. 1373—K.C.S. vs. G.C.L.—Rules 15 and 94	676
Case No. 1374—A. B. & A. vs. Reading—Rule 32	676
Case No. 1375—Indian Refining Co. vs. D. & T. S.—Rule 87	676
Case No. 1376—B. & L. E. vs. G. M. & N.—Rule 32	754
Case No. 1377—Great Northern vs. C. R. I. & P.—Rule 41	753
Case No. 1378—Terminal R.R. Assn. of St. Louis vs. L. & N.—Rules 32 and 43	754
Case No. 1379—C. M. & St. P. vs. St. L. & Belleville Elec. Ry. Co.—Rule 12	754
Case No. 1380—C. M. & St. P. vs. Wabash—Rule 112	675
Case No. 1381—B. & M. vs. Pekin Union—Rule 17	676
Case No. 1382—Wabash vs. N. & W.—Rule 43	676
Case No. 1383—C. M. & St. P. vs. M. & O.—Rule 112	676
Case No. 1427—Texas Co. vs. Hocking Valley—Rule 16	754
Arbor for turning bushings or rod brasses	175*
Arm, Safety, Davis Brake Beam Co.	1528*
Armstrong, Geo. W., Lubrication of steam locomotives	587*
Ascoloy-chromium iron, Allegheny Steel Co.	1795*
ASHTON VALVE CO.	
Gage, Two-needle steam	1795*
Recording device for mounting car wheels	1867*
Assn. of Railway Electrical Engineers meeting	1815
ATCHISON, TOPEKA & SANTA FE	
Apprentice convention	326§, 348*
Shop, Locomotive, at San Bernardino	362*
Athol Mach. & Fdry. Co., Heavy machinists' and railway vises	461*
Atkins, E. C., & Co., Metal cutting band saw	1848*
ATLANTIC COAST LINE	
Bracket, Forged valve gear	691*
Clamping machine, Air hose	686*
Atomic hydrogen arc welding process, General Electric Co.	249*
Attachment for grinding radii of valve links (S.P.)	111*
Attachment, Lathe, for turning a reverse shaft journal (S.P.)	112*
Automatic & Electric Furnaces, Ltd., Electro magnetic automatic furnace	310*
Automatic machine for the toolroom, Keller Mech. Engrg. Corp.	1869*
Automatic Cutting Machine Co., Shape cutting machines	62*
Automatic Straight Air Brake Co. equipment tested at Purdue	732*
Axle drive, Individual, for electric locomotives, American Brown Boveri Electric Corp.	1844*
Axle failures in cold weather, by Norman Litchfield	477*, 769†
Axles, Car, Device for turning, when welding collars	343*
Ayers, A. R., Improved operating methods (T.E.A.)	595

B

BAKER-RAULANG CO.

Baggage loft, Inside	1656*
Crane, Portable locomotive type	1798*
Balance sheet, Uniform observance of general (Div. VI)	1630*
Balancing factors in the use of freight cars, by L. K. Silcox	743*
Baldwin three-cylinder compound locomotive	1773
Baggage loft, Inside, Baker-Raulang Co.	1656*

BALTIMORE & OHIO

Locomotive, 4-8-2 type, rebuilt from 2-10-2 type	542*
Pipe, Flexible, for locomotive blow back operation	504*

BALTIMORE & OHIO—Continued.

Piston valve cylinders applied to Mallets	195†
Preparing freight trains for the descent of grades, by W. G. Peck	283
Truck, Boiler blow-off	290
Bangor & Aroostook complains of A.R.A. rules governing compensation for destroyed cars	133†
Barber-Coleman Co., Friction-drive reversing tapping chuck	404*
Barco Mfg. Co., Lubricated plug valve	1796*, 1844
Barriers, The departmental, Battering down	1872§
Bassick Mfg. Co., Alemite system of lubrication	1792*
Bastian-Blessing Co., Fire extinguisher	132*
Battery, Storage, for motor coaches, Electric Storage Battery Co.	1758*
Batteries, Bus and train lighting, Willard Storage Battery Co.	1659*
Bean, W. L., High tractive effort no longer only consideration (T.E.A.)	658
Bearing, Line shaft, Hyatt Roller Bearing Co.	313*
Bearing, Sealed sleeve, Westinghouse	1598
Bearings, Anti-friction, what about, by H. R. Rice	635‡
Bearings, Automatic rotor recentering, for motors, Howell Electric Co.	403*
Bearings, SRB, Molybdenum steel balls for, Standard Steel & Bearings, Inc.	406*
Bearings, Tapered roller, Timken Roller Bearing Co.	67*
Becherer, F. H., Developing railroad shop foremen	603
Beers, F., & Co., Self-protecting oil burner	708*
Belk, M. S., Improper bills and wrong interpretations	230
Bending air brake pipes (Air Brake Assn.)	431*
Bending machine, Pipe	434*
Bending machine, No. 9 hand-operated, Wallace Supplies Mfg. Co.	402*
Besler, W. G., Address of (Div. VI)	1578
Bessemer & Lake Erie, Progressive system of freight car repairs	167*

BETHLEHEM STEEL CO.

Cambria plant	279*
Locomotive, Auxiliary	1776
Biax Flexible Shaft Co., Flexible shaft equipment	317*
"Bill-Brown-Top Sergeant" controversy, 59‡, 248‡	458‡
Billing and records, A.R.A., Systematic preparation of, by Livingston Martin	161*
Billing machine, M.C.B., Remington Typewriter Co.	1526*
Bills, Car repair, Short method tables for pricing, by John J. Whelan	547
Bin cards on the Canadian National, by E. D. Toye (Div. VI)	1584
Birch, Thos., Testing steam hose couplings	492*
Blacksmiths' Assn. convention	559*
Blacksmiths, Master, More knowledge is required of	470§
Blanchard Machine Co., Ball bearing wheel head for surface grinder	395*
Block and clamp, Handy, Brown & Sharpe Mfg. Co.	775*
Blower, Locomotive flue, Changes in, American Ry. Appliances Co.	1783*
Blunt, J. G., Effect of three cylinders on locomotive capacity and economy	207*
Boiler circulation, German tests show effect of, Locomotive Firebox Co.	1794
Boiler draw-off process, Wylie Wilson, Everlasting Valve Co.	1866*

BOILERS, LOCOMOTIVE

Combustion efficiency in, by L. A. Reh-fuss	472*
Cooling surface in the, by L. A. Reh-fuss	635‡
Defense of the present type, by C. A. Seely	305‡
McClellon water-tube, N. Y. N. H. & H.	141§, 143*
Possibilities of, Future, by Louis A. Reh-fuss	212
Boiler taps (see Taps)	
Bolt heading machine, Semi-hot automatic feed, National Machinery Co.	390*
Bolts, Attachment for finishing frame, Warner & Swasey Co.	1759*
Bolts, Manufacturing and stocking, in the shop	56*
Book discussions	525§, 583§, 649§

BOOKS

Air Brake Association proceedings	585
Air brake catechism, Up-to-date, by R. H. Blackall	417
Aluminum and aluminum alloys, The metallurgy of, by R. J. Anderson	527
Arc welding, The new age in iron and steel	723
Draft and capacity of chimneys, by J. G. Mingle	142
Employee representation, by Ernest Richmond Burton	586
Engineering index, The	527

BOOKS—Continued.

Leadership, The new, in industry, by Sam A. Lewisohn	531
Locomotive and boiler inspectors handbook, by A. J. O'Neil	328
Master Blacksmiths' proceedings	4
Metals, An investigation of the fatigue of, by H. F. Moore and T. M. Jasper	203
Railway track and maintenance, by E. E. Russell Tratman	471§
Steel, The making, shaping and treating of, by J. M. Camp and C. B. Francis	79
Today and tomorrow, by Henry Ford	657
Tool Foremen's proceedings	142
Training key-men in industry	4
Traveling Engineers Assn. proceedings	265
Wages, The secret of high, by Bertram Austin and W. Francis Lloyd	731
BOOSTERS, LOCOMOTIVE	
Franklin tender (T. & P.)	218*
Limited cut-off applied to, Franklin Ry. Supply Co.	1783*
Repairs, Enginehouse	370*
Borden Co., Die stock with adjustable cam	774*
Borer, Frank J., Foreman's job competition article	201§, 219
Boring out side rods, Taper attachment for, by A. S. Duryea	509*
Boring tools, Car wheel and driving box, Kelly Reamer Co.	640*
Bosch, Robert, Magneto Co., Generator for bus service	1654
BOSTON & MAINE	
Brass and air brake departments at Billerica	687*
Cars, All steel rail motor	528*
Coke, Reclaiming, from locomotive ashes	258†
Fixture for planing eccentric arms	235*
Motor car field discussed	259†
Stand, Brake valve	690*
Stand, Lubricator	690*
Truck for hauling feedwater heater	689*
Boulineau, W. W., Automatic driving throttle and relief valve	713*
Bowser, S. F., & Co., Air-operated fuel oil pump	1529*
Bracket hanger, Cast steel brake, Buckeye Steel Castings Co.	1535*
Bracket, Forged valve gear (A. C. L.)	691*
Bradford Corp., Helical truck springs	1539*
Bradley, J. F., Tire heater made from a boiler tube	114*
Bradley, J. M., Tools and formers (Blacksmiths' Assn.)	564*
Bragg-Kliesrath Corp., Vacuum booster brake	1652*
Brake, Air, Some fundamentals of the, by J. C. McCune	223
Brake, Cam gear hand, Peoria Ry. Brake Co.	1756*
Brake drums, Gun iron, for automotive equipment, Hunt-Spiller Mfg. Corp.	1660*
Brake equipment, Automotive air, Westinghouse Air Brake Co.	1659*
Brake pin, Self-locking, Buffalo Brake Beam Co.	1540*
Brake shoes (see Shoes)	
Brake tests, Air, at Purdue	732*
Brake tests, Power, at Purdue	151*
Brake, Ratchet hand, for freight cars, Union Ry. Equip. Co.	1533*
Brake, Safety hand, Klasing Car Brake Co.	1597*
Brake, Style D hand, Talmage Mfg. Co.	1528*
Brake, Vacuum booster, Bragg-Kliesrath Corp.	1652*
Brakes and brake equipment, Report on (Div. V)	1732*
Brakes, Passenger car, Maintenance of, by W. D. Herndon	491
Brakes, Power, Progress in testing	1704§
Brass department at Billerica (B. & M.)	687*
Brasses, Laying out crown	187‡
Brill-Westinghouse self-propelled cars	1777
British railways, Experimental Ljungstrom locomotive on	84*
Britton, Jack, Setting valves of three-cylinder locomotives	500*
Broaching machine, Hydraulic, J. N. Lapointe Co.	395*
Bronze welding copper	692
BROWN & SHARPE MFG. CO.	
Block and clamp, Handy	775*
Cutter testing fixture	574*
Gages, Taper parallel	125*
Grinder, No. 2 surface	704*
Grinding machines, Motor drive for universal	772*
Micrometer caliper, Direct reading	189*
Brown Body Corp., Parlor type body for White chassis	1653*
BRUBAKER, W. L., BROS. & CO.	
Drill, reamer and countersink, Combination	1797*
Staybolt tap, Flexible	1794*
Buckeye Portable Tool Co., Drill, Rotary air	1803*
Buckeye Steel Castings Co., Cast steel brake hanger bracket	1535*

Budget, Materials purchase 1587
 Buffalo Brake Beam Co., Self-locking draft
 key and brake pin lock 1540*

BUFFALO FORGE CO.
 Coper, Iron worker with 1803*
 Machine for bending metal shapes .. 1517*

BULLARD MACHINE TOOL CO.
 Borer and facer, Driving box 574*
 Lathe, 54-in. vertical turret 514*
 Bull ring and packing, Combination sectional,
 Locomotive Finished Material Co. 1790*
 Bureau of Locomotive inspection report of
 Bureau of Safety report on safety appli-
 cances 231
 Burner, Oil, Self-protecting, F. Beers &
 Co. 708*
 Burr, John T., & Son, Portable shaft keyseat
 miller 408*

BUSES, MOTOR
 Baker-Raulang Co. 1656*
 Brown Body Corp 1653*
 Design and obsolescence 1704*
 Fageol Co. 1655*
 Garford Motor Truck Co. 1658*
 Graham Bros. 1657*
 Influence of the 415*
 International Harvester Co. 1656*
 Lang Body Co. 1654*
 Reo Motor Car Co. 1659*
 Six-Wheel Co. 1657*
 Studebaker Corp. 1654*
 Thompson, E. J., Co. 1655*
 White Co. 1652*, 1758*
 Yellow Truck & Coach Mfg. Co. 1653*
 Bushing, Floating rod, which requires no
 machining, J. E. Allen 131*
 Bushing puller, Air pump 245*

C

Cable, Car lighting, Simplex Wire & Cable
 Co. 1756
 Cagle, G. N., Jig for boring and facing cylin-
 der bushings (C. of G.) 120*
 Cairns, J. M., Brass and air brake depart-
 ments at Billerica (B. & M.) 687*
 Calipers for measuring steel wheels 498*
 Canadian Locomotive Co., Engine truck with
 outside journals 1868*
 CANADIAN NATIONAL
 Bin cards on the, by E. D. Toye (Div.
 VI) 1584
 Locomotives, Consolidation, built from
 surplus material 482*
 Truck, Engine, Outside journal type .. 1776
 Truck, Engine, with outside jour-
 nals 1776, 1868*

CAR

Coal, Rebuilding, at Yale shops
 (Frisco) 739*
 Construction and maintenance of, by
 L. L. Yates 435
 Couplers (see Couplers)
 Doors (see Doors)
 Dynamometer (see Dynamometer)
 End, Corrugated all steel box, Chicago-
 Cleveland Car Roofing Co. 1523*
 Freight, Cleaning interior of 195*, 247*
 Inspection (see Inspection)
 Interchange rules (see Rules of Inter-
 change)
 Lighting (see Lighting)
 Maintenance, Passenger car, and rough
 handling 1601*
 Motor car orders in 1925 89
 Motor, Rail, field discussed (B. & M.) .. 259*
 Orders placed during 1925 38, 103
 Paint standards (Equip. Paint. Sec.) .. 616
 Passenger, Can, be improved 1555*
 Passenger: Comfort vs. appearance 1507*
 Refrigerator, specialties, Dromgold &
 Glenn 1532*
 Repairs (see Repairs)
 Roof (see Roof)
 Standard, A future benefit of 415*
 Tank, Report on (Div. V) 1724*
 Utilization 1601*
 Utilization of freight cars, by L. K. Sil-
 cox 35
 Wheels (see Wheels)
 Windows (see Windows)
 Car Inspectors' and Car Foremen's Assn.
 convention 555*, 583*, 607, 677, 749
 Car manufacturing plant of Bethlehem Steel
 Co. 279*
 Car manufacturing progress, Century of, by
 George A. Richardson 279*
 Carnegie Steel Co., Light weight steel freight
 car wheels 1523*
 Carr Fastener Co., Dot high pressure lubrica-
 tor 1796*
 Carry on, by J. B. Searles 769*
 CARS
 Air brake instruction car (M. P.) .. 536*

CARS—Continued.

Box, Standard doubled wood sheathed
 adopted by Div. V 69*
 Car exhibits (A. R. A.) 1708*
 Cleaning freight, with steam and de-
 odorizer 285*
 Construction, Report on (Div. V) .. 1713*
 Design: Balancing factors in the use of
 freight cars, by L. K. Silcox 743*
 Developments on European roads, by
 W. H. Finley 157
 Electric, Report on (Div. V) 1853*
 Freight, exhibits (A. R. A.) 1708*
 Milk, Glass-lined refrigerated, General
 American Car Co. 1518*
 Motor, All Steel rail (B. & M.) 528*
 Observation club (N. P.) 221*
 Passenger, All-metal, built in France, by
 A. Eisenschmidt 741*
 Refrigerator: Adjustable deck for, Shel-
 ton Adjustable Double Deck Car Co. 312*
